Pairs competitions																													
Pairs Better Ball – Matchplay	Played as teams of two on a hole-by-hole basis.	90% of the Course Handicap for the Silver tee.	The best stableford score amongst the teams i.e., the better ball, will win the hole. If scores for a hole are equal then the hole is halved. A match is won when one team has won more holes than there are holes left to play. If both teams have won the same number of holes the match is deemed 'all square'. Extra holes may need to be played in order to determine a winner.	Players receive strokes based on the difference between their Playing Handicap and that of the lowest Playing Handicap player (who plays off zero strokes). Example: <table border="1"> <thead> <tr> <th>Player</th><th>Course Handicap</th><th>%</th><th>Playing Handicap [rounded to whole number]</th><th>Strokes received</th></tr> </thead> <tbody> <tr> <td>Harry</td><td>15</td><td>90</td><td>14 (13.5)</td><td>0</td></tr> <tr> <td>Jamie</td><td>29</td><td>90</td><td>26 (26.1)</td><td>12</td></tr> <tr> <td>Peter</td><td>17</td><td>90</td><td>15 (15.3)</td><td>1</td></tr> <tr> <td>Paul</td><td>34</td><td>90</td><td>31 (30.6)</td><td>17</td></tr> </tbody> </table>	Player	Course Handicap	%	Playing Handicap [rounded to whole number]	Strokes received	Harry	15	90	14 (13.5)	0	Jamie	29	90	26 (26.1)	12	Peter	17	90	15 (15.3)	1	Paul	34	90	31 (30.6)	17

For example; Player 1 gets 3 points and player B gets 2 points, so the team score is 3 + 2 = 5 points

Multiplier Stableford	Played in teams of two	85% of the Course Handicap for the Silver tee.	On each hole the individual stableford scores for the two player team are multiplied to get the team score.
